## Client Vulnerability & Dual Relationships

Clear and appropriate boundaries are required and must be communicated and continually reaffirmed throughout the course of a program – whether it be in a classroom setting or practicum environment to limit the potential of committing serious acts of professional misconduct. Whether or not a dual relationship is appropriate requires careful scrutiny to assess the risks in an honest way. Students are strongly encouraged to seek supervision or consultation when confronted with dual relationships..

## Boundaries

Students continually examine my own boundaries and make someone aware if they have crossed a boundary intentionally or unintentionally in hopes to foster growth for both parties. Act to ensure that your boundaries are respected by those who you treat.

## Current Injuries & Contraindications

Student should currently have no injuries or medical conditions that would prohibit you from participating in the program. Should you sustain any injuries during program length you will provide medical notes and notify the staff immediately. If a student has been diagnosed with a condition or disease, please notify staff to ensure student safety is assured during the program.

## Attendance & Absenteeism Policy

MaKami College is committed to the success of our students, and we recognize the direct correlation between consistent attendance and success within the program. The expectations are that students will attend all team lectures, mandatory classes, clinic, and labs if applicable.

Should you not be able to attend due to illness or unforeseen circumstances, please call the reception desk and notify them of your absence. It is the responsibility of each student to catch up on any missed lectures, assignments, and exams. The SALT (Strategic Academic Learning Team) will support you in making a learning plan, should you require assistance with staying on track academically.

## Exam & Assignment Policy

Practical based exams hold the expectation that you are representative of an appropriate clinical environment and are properly attired and prepared as such – otherwise you are subject to a 25% penalty or denial to attempt the exam.

The Absent/Late Policy applies to examination dates. Further to this, you will receive a 25% penalty to your grade or denial to attempt the exam on that date. Documented medical, legal, or obituary incidences can waive the 25% penalty.

## Re-Writes:

Students may take the opportunity to re-write failed exams (64% or lower) up to 3 times – with no less than 1 week between attempts. Once an exam re-write is passed (65% or greater), the marks are averaged between the original grade and the re-write grade to a minimum of 65%.

You may not re-write an exam once you have obtained a passing mark of 65% or higher.

You cannot write an exam less than 24 hours after a tutoring session through the SSC.

If a student fails all 3 re-write attempts – no further tutoring services will be provided for that exam and a charge of \$25 for each additional attempt will be applied.

## Cheating

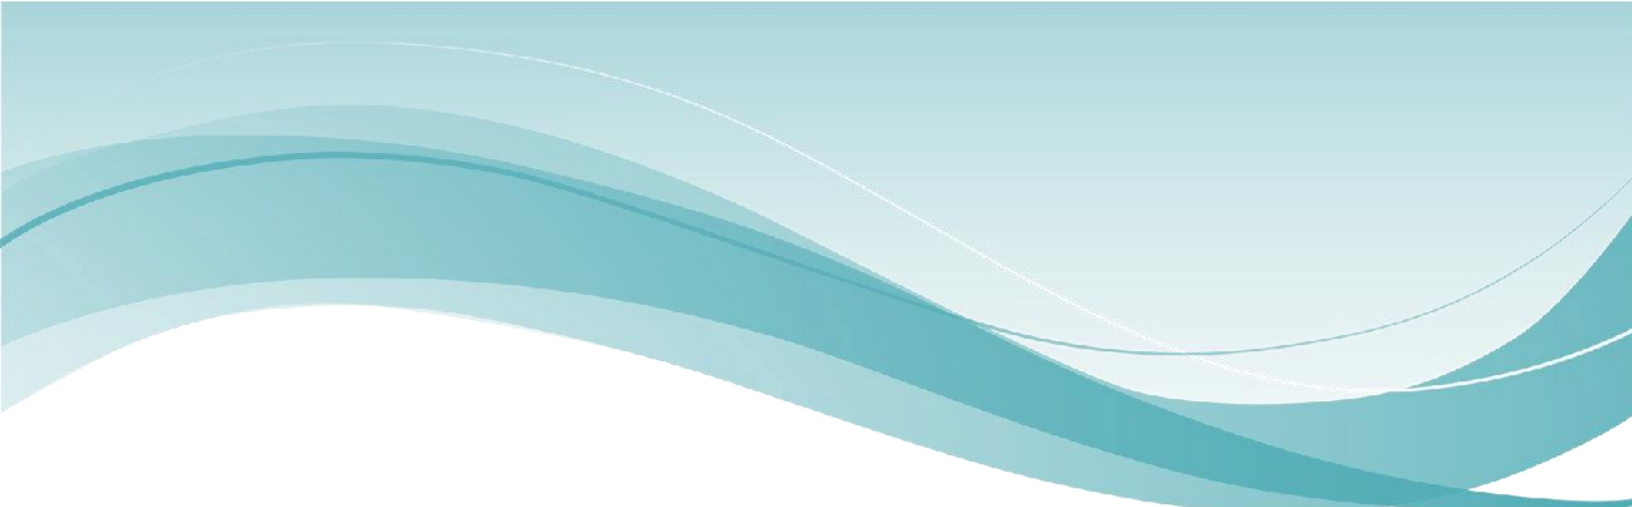

The opportunity to gain knowledge and proficiency in the program is offered equally to everyone for long term success in your career. While cheating may offer short term gain in the form of a higher documented grade – it does not make you more proficient in your career after you have completed the program. If you are caught cheating, you will be subject to a meeting with SAS/SALT to determine the outcome and consequences of the action.

## Withdrawal & Termination Policy

Students who wish to withdraw from a MaKami College program are required to make an appointment with the SAS (Student Advisory Services) department and notify the college of their intent to withdraw.

Any tuition refunds will be calculated as per the Alberta Enrolment Contract. Should you choose not to notify the college but fall into one of these categories, then MaKami College will have no choice but to terminate the enrolment and withdraw you as per the below guidelines.

- Should a student have missed five consecutive class days without contacting the institution to provide a reasonable excuse. In this case, the effective date of the student's withdrawal is the first day the student is absent out of the five.

- 
- Should a student with a reasonable excuse for example serious illness but must be absent for more than 30 consecutive days. In this case, the effective date of the withdrawal is the first day during this period that the student was absent.
  - Should a student have excessive absences that will prevent them from successfully completing their program within the scheduled study period. In this case, the effective date of the student's withdrawal is the last day that the student was in attendance.

The institution must use the effective dates described when following guidelines for reporting withdrawals and for refunding tuition.

### Additional Reasons for Termination

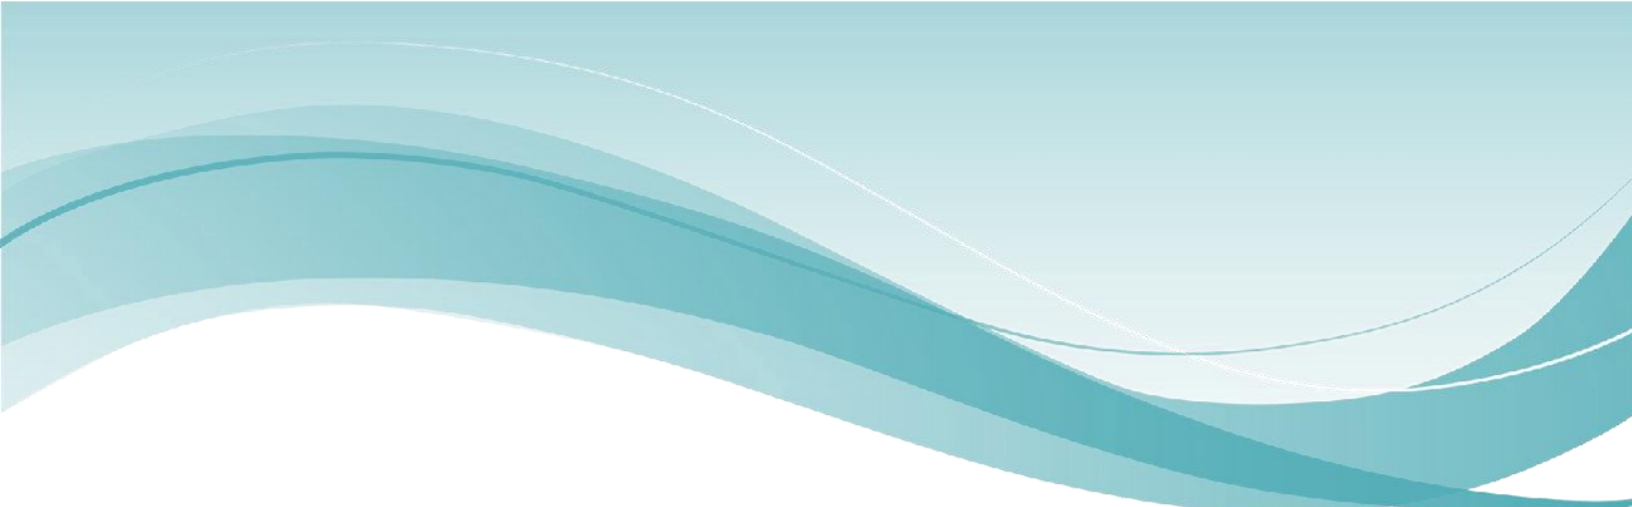

- Should a student be attending regularly but not be progressing academically in a manner that would allow them to successfully graduate. In this case, there will be a meeting with college faculty to decide the best course of action which may result in a withdrawal/termination.
- MaKami College will not tolerate harassment, physical, mental, or sexual abuse. Our campuses must remain a safe place for students, employees, and the public. Should you break college policies regarding the above, your enrolment may be terminated by the College Dean upon an investigation.

MaKami College must remain a safe campus for all. MaKami College must monitor and record student attendance. When students are absent, institutions must keep track of those absences. A reasonable excuse for an absence must describe circumstances requiring the student's absence (e.g., Covid isolation, medical reason, family emergency, etc.). Should you have any questions regarding any of our policies please contact the SAS team to meet with a student advisor.
